

TWO FORWARDS AND TWO PREFACES

1. I have served as the Guest Editor for the following Journals:

- a) One Issue of the Medical Clinics of North America in January 1984 entitled: ETHYL ALCOHOL AND DISEASE;**
- b) The inaugural Issue of the Clinics In Geriatric Medicine in February 1985, entitled: THE AGING PROCESS; and**
- c) A second issue of the Medical Clinics of North America in September 1988 entitled: DIFFICULT DIAGNOSES.**

For these issues I wrote two Forwards (for a and b) and a Preface (for c). In addition for the Clinics in Geriatric Medicine(b), Dr. Rosalyn S. Yalow, Senior Investigator Veterans Administration and Nobel Laureate wrote a superb Preface.

My two Forwards and one Preface are presented here because they probably represent the "signature feature" regarding writing style, in both my Clinical and Basic Science Publications.

2. Please note that this material is presented here for fair use and Educational purposes only. Copyright W. B. Saunders Company, West Washington Square Philadelphia, under the uniform copyright Convention.

As an aside, the Clinics in Geriatric Medicine were inaugurated in February 1985 by W.B. Saunders Company in response to my suggestion and since then have made a superb contribution to patient care for the aged all over the world.

The two Forwards and two Prefaces will follow under the Headings:

-Symposium on Ethyl Alcohol and Disease (Forward)

-Symposium on the Aging Process (Forward and Preface)

-Difficult Diagnoses (Preface)

Michael C. Geokas M.D.,Ph.D.
